Policy Title: District Motto, Mission Statement, Beliefs and Vision	Effective Date: December 14, 2005
---	---

District Motto: *Excellence Is Our Standard*

District Mission Statement: *A partnership of students, parents, educators and community members where people are challenged to attain academic excellence. All students will acquire skills and knowledge, empowering them to become productive citizens.*

District Beliefs:

We Believe:

- *All students can learn*
- *In sound research-based practices*
- *Education is a shared responsibility of the student, parents, educators, and community*
- *That parents play an active and supportive role in the educational process*
- *In setting high expectations for our students and employees*
- *Educators impact many of the variables which influence student success*
- *The Snake River School District community has the responsibility to provide the necessary resources and facilities to ensure all students with a quality education*
- *In a commitment to continual improvement in all areas of education, which is essential in forming the foundation for a successful and productive life*

District Vision For the Future:

In unity and purpose, the Snake River School District will prepare students to be productive citizens in an ever-changing world through commitment to daily improvement, standards-based education, state-of-the art technology, and adequate financial support.
