

Category: 8000 STUDENTS	Policy Number: 8545
Policy Title: Student Health Records and Emergency Care	Effective Date: January 14, 2003

Each school within the District shall maintain the following health records for each student:

1. A record showing pertinent medical information and information relating to immunizations; and,
2. Information pertaining to each student setting forth:
 - a) The name of the family doctor, health care provider, or preferred hospital if submitted by the parent/guardian;
 - b) the name of a contact person in case the parent/guardian cannot be reached in an emergency;
 - c) any physical or medical condition the student might have that may require school personnel attention; and,
 - d) Parent/guardian written consent for emergency medical treatment.
