The Board of Trustees, through the school transportation program, provides school buses for students to ride to and from school and encourages students to ride these buses.

Schools must exercise a high order of responsibility for the care of students while in school and while on school district property. The monitoring of student vehicles while on school property will help to ensure the safety of students, employee, and community members. Administrative procedure shall be established for student parking.

A safe and orderly campus is important for our students, staff, and visitors. Snake River students, who plan to park on the campus, will be responsible for driving safely while on campus and parking only in designated areas.

Parking Permits

1. Students will make application for a parking permit to be issued by the school. The \$2 permit allows a student to park in designated areas and requires a parent signature.
2. The parking permits are assigned to a student with a valid driver's license, and may be transferred from the primary student vehicle to a secondary vehicle. All student operated vehicles must be registered with the school.
3. The permit must be hung from the rearview mirror or placed on the dash of the vehicle and be visible at all times.
4. Permits are valid throughout a student's high school career and students are responsible to keep application information up to date. A lost permit may be replaced for \$2.

Parking Regulations

5. Students will park in designated student parking areas during the school day (6 a.m. to 5 p.m.) as outlined by the attached map. Every effort will be made to clearly mark the designated parking areas. Students are not allowed to park in areas designated for visitor, handicap areas (without approval), fire lanes, bus loading areas, or staff parking areas.
6. Students are expected to drive in a competent and safe manner while on campus and to obey all local and state laws governing vehicle operation and use.
7. Student vehicles will occupy only one parking space at a time.
8. High school students will not be allowed to park on the Junior High campus.
9. Students are responsible for the vehicle and its contents while operating a vehicle on campus. Vehicles parked on school premises are subject to search in accordance with District Policy 8070.
