Priscilla Rodriguez

Priscilla Rodriguez has an extensive background developing working relationships with area employers, schools and community organizations. She worked for the Community Council of Idaho's Employment and Training Program for seven years. She also worked with the Bingham County Planning and Zoning Commission before going back to ISU this year.

As the Migrant Family/School Liaison, Mrs. Rodriguez will strive to maintain positive communications and good relations between migrant families and the schools. She will also serve as a resource person to help

them meet their needs. This program encourages families to be actively involved with their students' education and Priscilla will assist with the Migrant Parent Advisory Committee at the local and state level.

Mrs. Rodriguez is happy to be working with migrant students again and says her goal is to have teachers, students and their families, and area agencies know who she is and what she does. She hopes students remember they received support and motivation to accomplish their goals. "Let me know if there is something that the students need that isn't being addressed. If I can't do it, I'll find someone who can."

Priscilla is married to Gilbert Rodriguez who is a Snake River graduate and they have two boys; Erik who will start 4th grade at Rockford and Diego who will be in 2nd grade at Riverside this year. They moved to the Riverside area four years ago and love living there with their boys, their dog, Eragon, cat, Ruger, and their horse, Romeo. Priscilla enjoys reading, making cakes for her family and she just started work on a digital photo book to include a family history.
