RENE OSMAN,
CHILD NUTRITION DIRECTOR

Now you can apply on-line for your children to receive free or reduced price school meals. Your application will be sent from our secure web site directly to your school district, so you don't need to worry about filling out a paper form that could be lost or misplaced.

We have designed LunchApplication.com to make it easy for you to know exactly what information, you need to provide and to guide you through the process. Your school district will determine your eligibility and send you a letter with the results.
