

Sponsored by the Snake River Education Foundation

The SREF is a non-profit foundation created to enhance the Education of Snake River Schools. Each year we provide grants for teachers and students. For the past five years we have provided 1,000 per grade level, to purchase much needed supplies, teaching resources, music equipment, technology, and fund field trips to help with the Education of the children in our community.

As a 501C-3 Education Foundation, individuals and teachers get a break on their taxes (especially from the State). This is a local Foundation with a board of directors consisting of 6 teachers, 7 community members and a member of the school board. Donation are always welcome.

Please plan to attend the SR Daze and support us as we earn money to enhance the Education of Snake River Children.

School clubs and groups, as well as, the community will also benefit from this fun filled day of activities.

The Snake River Education Foundation for many years sponsored the Halloween Carnival. Last year we decided to bring back a long time tradition that Snake River Community had for many years, which was named **Snake River Daze**.

A Legendary Saturday when everyone in the Snake River Community would come together to earn money that would benefit Snake River Students and Teachers. It also brought the community together to celebrate its great legacy of the Unmatched Caring and Friendship. Enjoying entertainment, food, fun and while catching up on the lives of our friends and neighbors.

Many of us remember, participating in all the activities on the football field as children or as parents.

It is our hopes to add to this celebration by providing even a larger number of activities, that are sure to please and benefit so many in our community.
